

Get started with Teladoc

It's quick and easy to set up your account online. Visit the Teladoc® website and click "Set up account". Then follow the instructions below.

The screenshot shows the Teladoc account setup form. At the top, there's a progress bar with three steps: 1. Check Eligibility, 2. Enter Account Information (current step), and 3. Next Steps. The form is titled "Let's begin with a few basics." and includes fields for First Name, Last Name, Email Address, Date of Birth, Gender, Phone Number, and Preferred Language. There are three callouts from the right side of the page pointing to specific parts of the form: Step 1 points to the First Name field; Step 2 points to the "Do you have a username?" section; and Step 3 points to the "How did you find out about Teladoc?" section. The form also includes a "CANCEL REGISTRATION" button at the top right and "CANCEL" and "CONTINUE" buttons at the bottom.

STEP 1:

Provide your name, contact information, and date of birth.

STEP 2:

If you have a username, choose "Yes" and enter it here. If you don't have a username, choose "No, I don't have a username."

Not all members have a username, so don't worry if you need to select "No."

STEP 3:

Select one of the four options that detail how you found out about Teladoc and enter the requested information.
